EMERGENCY DETERMINATION FORM

The emergency procurement method (NMSA 1978, Section 13-1-127) may only be used when there exists a threat to public health, welfare, safety or property requiring procurement under emergency conditions. The existence of the emergency condition creates an immediate and serious need for services, construction or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten:

1. the functioning of government;
2. the preservation or protection of property; or
3. the health or safety of any person.

I. Name of Agency: RMRTD

Chief Procurement Officer: Kim Monjaras

Telephone Number: 505-247-1750

II. Name of Contractor: Guzman Tractor Service LLC

Address of Contractor: 4911 3rd St. SW Albuquerque New Mexico 87105

Amount of prospective contract: \$100,747.56

Term of prospective contract: Emergency Bridge clean out

III. Please thoroughly list the services (scope of work), construction or items of tangible personal property of the contract: Emergency bridge cleanout sediment to be removed under the bridge and up and down stream to prevent loss of bridge including tracks

- IV. Provide an explanation for the justification of the procurement including a description of the emergency condition(s) requiring use of emergency procurement and the practicable competition utilized in compliance with NMSA 1978, Section 13-1-127.

Sediment completely block water flow under bridge

- V. Please describe what measures are being taken to minimize the duration and effect of this particular emergency procurement (for example: is the emergency only in place until a competitive process can be completed, etc.).

Removing sediment and relocation down steam to prevent blocking

- VI. Describe what measures the Agency will take in the future to prevent/mitigate use of an emergency procurement under similar circumstances.

Will HAVE Contractor monitor all bridges and Culvert to prevent similar problems
